**An Internationally Recognized Compliance Training & Certification Leader in Health Care
501(c)(3) Non-Profit Organization**

Who should take this course?

This course is designed to *sharpen the skills of tactical to advanced coders* and *develop the skills of novice coders*. The training addresses the more common and difficult coding chapters (see details below).

What is eLearn training?

eLearn training programs are online and on-demand. You may work at your own pace and there are no scheduled online classes to attend. Login to your information 24 hours per day. Your instructor will be available to communicate by phone and e-mail to assist you throughout your training program. Instructors provide online access, technical support, and course instruction as needed to help in your educational efforts. Participants have access to the course page for three (3) months and are able to pay for a single course extension if needed.

What will I learn from this course?

Self-Review Exercises Are Included in Each Lesson

Pass the 15-Question Online Competency Quiz to Earn 8 CEUs

The quiz may be taken more than once if needed.

OIG exclusion

Have you ever been:

- 1) Notified that you were under investigation for; investigated for; charged with; or convicted of any offense relating to Medicaid or Medicare fraud?
- 2) On the OIG exclusion list?

Membership Requirement (Restriction)

AIHC membership is open to the public, health care workers and administrators as well as certified healthcare auditors, collectors and compliance officers. To uphold to a higher standard, AIHC follows the guidelines recommended by the Office of the Inspector General (OIG) regarding retention of excluded individuals.

For many years the Congress of the United States has worked diligently to protect the health and welfare of the nation's elderly and poor by implementing legislation to prevent certain individuals and businesses from participating in Federally-funded health care programs. The OIG, under this Congressional mandate, established a program to exclude individuals and entities affected by these various legal authorities, contained in sections [1128](#) and [1156](#) of the [Social Security Act](#), and maintains a list of all currently excluded parties called the List of Excluded Individuals/Entities. (See OIG website at exclusions.oig.hhs.gov)

No individual whose name appears on the OIG Excluded Individuals Entities List may hold membership in AIHC; and any member whose name is added to this list will have his/her membership status revoked without refund.

"My signature below indicates I have read this restriction to membership and attest that I am not currently on the OIG exclusion list at the date this application has been submitted for membership to the American Institute of Healthcare Compliance."
